

The Easy Enrollment Tax Referral Program

If you find yourself without health coverage this tax season, you can become eligible for a Special Enrollment Period (SEP) for private health insurance coverage through Maine's Easy Enrollment Program.

The Easy Enrollment Tax Referral Program is the "check the box" option on your Maine state tax return (Form 1040ME) to opt-in to receive information about health insurance options. By "checking the box," CoverME.gov will contact you with information on your coverage options and how to enroll in coverage. CoverME.gov is Maine's one-stop-shop to compare and enroll in quality health coverage, often with financial savings.

How it works

- **Check all boxes on form 1040ME that apply to your household.** Let us know that you'd like more information about health insurance coverage, who needs coverage, and how you prefer to be contacted. By checking the boxes, you give Maine Revenue Services permission to share your contact information with CoverME.gov. Here's an example:

See the instructions and check each box that applies.

- **Watch for the CoverME.gov communication.** CoverME.gov receives information from the Maine Revenue Services three times a year – in March, May and August. Once we receive your information, CoverME.gov will contact you by mail, phone or email to explain how to enroll in health coverage.
